**Robert Powell : Access Card for Interactive Labs with Chapter Highlights for: Neuroanatomy: An Atlas of Structures, Sections, and Systems by Duane Haines** before purchasing it in order to gage whether or not it would be worth my time, and all praised Access Card for Interactive Labs with Chapter Highlights for: Neuroanatomy: An Atlas of Structures, Sections, and Systems by Duane Haines:

All the core content from the text rewritten in bulletized form for cut-to-the-chase mastery of the subject. Includes all objective testable terms, concepts, persons, places and events in browser based e-book format. Not just the facts, but interactive problem solving labs to ensure you master the concepts as well. True experiential learning. Lab tools allow for thread-like collaboration among classmates and friends. Use with or instead of the textbook. Includes pre-made flashcards, and practice tests in true or false, multiple choice, mastery, or completion formats. Powell study guides and labs run in any modern browser on any device. Registrations are not transferable. Appropriate for Biology
