Joy Hurst MATL MFS NCMA : Anatomy Physiology in a Flash! Book Flash Cards: An Interactive, Flash-Card Approach before purchasing it in order to gauge whether or not it would be worth my time, and all praised Anatomy Physiology in a Flash! Book Flash Cards: An Interactive, Flash-Card Approach:

0 of 0 people found the following review helpful. One Star By Christine vickers Not really what i was looking for. Seems more for high school kids than collage. 3 of 3 people found the following review helpful. anatomy Physiology in a Flash! Book Flash Cards: An Interactive, Flash-Card Approach By bern This didn't help me much. I am taking Anatomy and Physiology I in college and this book is more for someone who is going to be taking Biology. They can use this as a refresher because it is not very indepth for A P I. 0 of 0 people found the following review helpful. Five Stars By Leisa Great product

Master the basics of anatomy and physiology in a flash! A multi-media, interactive approach makes learning fun and easy in any setting. This unique package of text, flash cards, and CD-ROM provides all of the elements you need to build a basic understanding of the structure and function of the human body.
