I rented this book and it was missing 3 chapters ...By CustomerI rented this book and it was missing 3 chapters that I needed and I didn't know that until I got to those chapters in class. Chapters 34, 35, and pg 398. I would suggest that you look through the book to make sure everything is there before its too late to send it back because it was to late for me.0 of 0 people found the following review helpful.
