**KISER KEVIN : Applying the Tools of the Microbiologist** before purchasing it in order to gage whether or not it would be worth my time, and all praised Applying the Tools of the Microbiologist:

0 of 0 people found the following review helpful. Not So GreatBy Megan MaierObviously it doesn't match the picture. The book I recieved had a tear on the back cover, a few drink stains, and was written in all over to the point where I couldn't even put my notes in. Very frustrating for the price I paid for it. I'd get a refund if I could.
