By jamiell Item returned. 0 of 0 people found the following review helpful. Must have guide to pregnancy By New Mom I loved this book. It was one of the first books that tells the reader the types of foods recommended by trimester. Extremely helpful. 0 of 0 people found the following review helpful. Great book! By Customer I loved this book. It has alot of good information for expecting moms. In fact, my book has plenty of highlighted/marked sentences. It was very helpful for me.

Bringing together fascinating new research that shows during pregnancy a woman can make a dramatic difference to her unborn baby's health, well-being, development, and all-round future potential by making small adjustments to her diet and lifestyle, this amazing book explains how to give your baby the best possible start in life.

"Bullet points and clear sections mean you can easily digest the information in stages throughout your pregnancy"
