Michael Foeldi MD : Foeldi's Textbook of Lymphology: For Physicians and Lymphedema Therapists, 2e before purchasing it in order to gauge whether or not it would be worth my time, and all praised Foeldi's Textbook of Lymphology: For Physicians and Lymphedema Therapists, 2e:

6 of 6 people found the following review helpful. terrific book! By beachcomber This textbook is an amazing book! I am a Vodder certified therapist but find that the Vodder books are not well edited and/ or translated. This book is very well done and extremely thorough. It answers many, many questions that weren't covered in training. Well worth the expense. 0 of 1 people found the following review helpful. Another Great Book from ! By Cynthia Story My book came

promptly and the book was in great condition. I have waited years for this book. Glad to add it to my Lymphatic library. 3 of 4 people found the following review helpful. THE BestBy CustomerThe Best book in terms of details on the subject of lymphology. Suitable for academic teaching and for practitioners who seek more in-depth understanding

Compiled by an internationally renowned pioneer in the field of lymphology with contributions from leading experts, this textbook explores all aspects of lymphological science, including the causes, diagnoses, prognoses, and treatments for primary and secondary Lymphedema. Comprehensive discussions address all the essential topics relevant to lymphology, such as anatomy, physiology, and pathophysiology. Therapists will benefit from practical information on clinical findings as well as instructions for performing manual lymph drainage. Provides a detailed presentation of the anatomy and physiology of the lymphatic system. Explores the causes, diagnoses, therapies and prognoses of all lymphological conditions from a physician's perspective. Includes a well-founded and practical discussion on the techniques, effects and implementation of Complete Decongestive Therapy (CDT).

About the Author Professor Fldi is a worldwide renowned expert on lymphology - his outstanding work and publications have made him a founder and pioneer in lymphology. He has received numerous awards and honorary memberships from various international lymphology associations which underline the high regard in which he is held in the field of lymphology. Prof. Fldi has founded a clinic at Hinterzarten/Black Forest which specializes in lymphology, today he still works there as an advisor
