J. Charles Jennette MD, Jean L. Olson MD, Melvin M. Schwartz MD, Fred G. Silva MD : Heptinstall's Pathology of the Kidney 2 Volume Set before purchasing it in order to gage whether or not it would be worth my time, and all praised Heptinstall's Pathology of the Kidney 2 Volume Set:

Guided by the biggest names in renal pathology, the new Fifth Edition of this gold-standard text thoroughly examines the origins and manifestations of kidney disease. Experts offer careful pathologic descriptions, appropriate clinical correlations, and extensive discussions on causes and pathogenesis to clarify your understanding and facilitate easy, accurate diagnosis. You'll appreciate the hundreds of razor-sharp illustrations...the revised coverage that now includes five all-new chapters (including one on renal tumors)...and the reorganized content that fosters quick, convenient

reference by grouping chapters first by general issues in renal pathology, then by anatomical morphology. Two volumes make specific information even easier to pinpoint and retrieve!
