**(author) Michelle Peckham : Histology at a Glance (At a Glance) (Paperback) - Common** before purchasing it in order to gage whether or not it would be worth my time, and all praised Histology at a Glance (At a Glance) (Paperback) - Common:

0 of 0 people found the following review helpful. Five StarsBy colby stokesgood deal2 of 4 people found the following review helpful. Don't buy Kindle version of this book.By Richard D. Nguyen shouldn't sell Kindle version of this book for the reason that the book images or figures are impossible to be read. There's no way you could zoom in for better view in detail (not at all). I felt like being cheated for buying the Kindle book.Very disappointed!

This brand new title provides a highly illustrated and unambiguous introduction to the science, structure and function of cells, their related pathology, and in particular, helps readers master the basic principles of recognizing features of histological sections.
