Benjamin A. Pierce : Student Solutions Manual for Genetic Essentials: Concepts and Connections before purchasing it in order to gauge whether or not it would be worth my time, and all praised Student Solutions Manual for Genetic Essentials: Concepts and Connections:

0 of 0 people found the following review helpful. \$61 Roll of CharminBy Wonder WomanThis solution manual is awful. It's the worst solution manual I've seen this century. The grad student who was supposed to proofread it, DID NOT PROOFREAD IT. Many of the answers are wrong. It does not even make sense in a lot of places (i.e., looks like it was edited with a pair of scissors). What is the point of an unreadable solution manual with wrong answers? The

textbook is excellent and to have the solution manual that accompanies it be an expensive POS is unacceptable.
