Janice Hudson, Robert F., Jr. Bunting : Study Guide of Clinical Hematology: Theory and Practice before purchasing it in order to gauge whether or not it would be worth my time, and all praised Study Guide of Clinical Hematology: Theory and Practice:

0 of 0 people found the following review helpful. This was published in 1992! By Customer This was published in 1992 and is really outdated! It is not horrible which is why I gave it 2 stars. However, it goes far more into detail than is necessary. I want a study guide that helps me learn the meat and potatoes. I can fill in the rest on my own time. Probably half of this you will never use. The best part are the multiple choice questions.

Columbus College, Georgia. Workbook for medical technology students. Intended as a companion to major hematology textbooks. Reviews in outline format, multiple-choice questions, and fill-in-the blank. Illustrated. DNLM:
